LaCie CD Dupli-125

Fast 52x CD duplicator

PROFESSIONAL PERFORMANCE
Designed to handle professional needs, the LaCie CD Dupli-125 features a unique LCD user interface and intuitive smart controller. With this autonomous, stand-alone duplicator, users can begin duplicating valuable data on long-lasting CD media with the touch of a button.

FULLY AUTONOMOUS
This comprehensive duplicator operates as a stand-alone device, and does not require connection to a computer. Duplication of multiple CDs can begin immediately after plugging in the LaCie CD Dupli-125, without the need for complicated software or driver installation.

BROAD COMPATIBILITY
The CD Dupli-125 writes to CD-R and CD-RW media and can erase CD-RW discs as well. Offering compatibility with most CD-ROM formats, this device is also equipped with a test mode that allows users to test master CDs before duplication, ensuring fast, flawless copies of original discs.

MULTIPLE APPLICATIONS
The LaCie CD Dupli-125 allows professionals to archive valuable digital data on CD; distribute catalogs and company profiles; promote audio, video and design projects; and share multi-level software licenses.
